**ABOUT OUR HANDCRAFTED PRODUCTS**

Blue Pheasant's products are handmade with care by artisans using natural materials. They are not mass produced. This is why you love them! But this is also why variation between products should be expected, and is not considered a defect. At times, the actual items may vary in color from what is shown in the catalog and online. You might also notice small variations in size, or a product detail that reveals the human hands that shaped it—a fingerprint or uneven edge for instance. A lid might not fit exactly onto the dish it comes with; a hand painted piece may have a small smudge or drip. It is this irregularity, or character as we like to call it, that makes Blue Pheasant what it is—a special brand whose collections are distinctly handmade, full of charm and originality you'll never find in machine-made products. That said, there are a couple of things we do not abide by: if you see a chip in the front of a piece or on its eating surface, or if these areas are improperly unglazed, we will gladly replace it with another one-of-a-kind piece that has the *good* kind of character. If you have any questions, please give us a call so we can chat before you place an order.

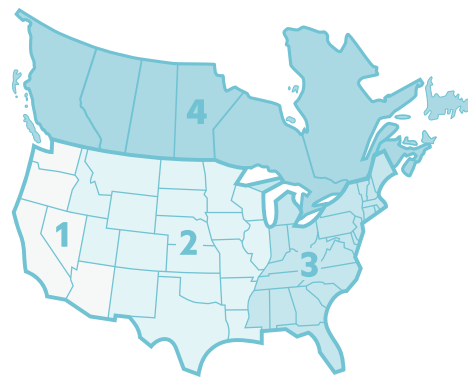

**AVAILABILITY & BACK ORDERS**

At the time an order is placed, you will receive a sales order with availability and back order dates. For all customers, we require full payment for the order prior to shipment. It is the customer's responsibility to review the sales order and the information contained in it. If you have any questions about your order, or want to change it, please contact us by phone or email, within 24 hours of receiving the order confirmation. We will be glad to help you with any questions you have!

If we have not received any notification of changes within this 24-hour period, we will consider the order accepted and proceed with the shipment. If the order is to be cancelled, we must receive written notification. In-stock goods will ship within three business days of payment receipt. Should back order dates change we will do our best to notify you. Otherwise, we will ship without notice when back ordered items become available.

**SHIPPING INFORMATION**

For continental U.S. deliveries, we typically use FedEx or UPS; however, depending upon the size and composition of your order, we may use a common carrier. Shipping rates are 8% for Zone 1, 12% for Zone 2, 14% for Zone 3, and 15% for Zone 4 (see map).

ZONE 1 = 8%    ZONE 2 = 12%    ZONE 3 = 14%    ZONE 4 = 15%

Shipping rates are subject to change during the year and will be confirmed when your order is placed. Your order may be delivered in several shipments; this will not affect your shipping costs. Shipping costs for other areas (Alaska, Hawaii, International) will be quoted based upon your order. We can ship to residential addresses; however, surcharges will apply.

**EXPEDITED DELIVERY**

Orders that require shipment within three business days of order receipt will incur an expedited processing fee in addition to applicable freight charges. Please contact us for an expedited delivery quote. We will make every effort to meet your requested date, but it is not guaranteed.

**DROP SHIP/RESIDENTIAL DELIVERY**

Our standard shipping rates are business-to-business (warehouse or commercial receiver included). We can drop ship or deliver to a residence for an additional charge, which will be added to the applicable freight charges for your "ship to" address. Any accessorial charges related to delivery from the freight carrier are the responsibility of the customer and will be billed and collected by Blue Pheasant. These include lift gate fees, change of address fees, residential fees, redelivery fees and fees associated with the refusal of a shipment.

**INTERNATIONAL ORDERS**

Shipping costs for international orders will be quoted based upon your order. Please note our quotes for shipping outside the United States do not include duties or taxes. They are the responsibility of the recipient of the merchandise and we are unable to provide an estimate for duties or taxes. If customers choose to use their own freight forwarders, they are responsible for making their own shipping arrangements. Payments will be accepted via credit card or wire transfer for all international orders.

**RESTOCKING FEES AND RETURNS**

A 25% restocking fee, in addition to shipping costs, will be charged for refused orders.

All returns must be authorized by Blue Pheasant Customer Service with a Return Authorization Number. Unauthorized returns will not be accepted, and are not the responsibility of Blue Pheasant. All returns will be subject to a 25% restocking fee, plus the charge for freight both ways. It is the customer's responsibility to pack items appropriately for return. Customers will not be given credit for authorized returns that arrive with damage due to poor packaging.

If the return is a shipping error on our part, or the result of a manufacturing defect, we will replace the item at no additional cost to you.

**CANCELLATIONS**

Cancelled orders that have already been packed are subject to a 25% restocking fee.

**DAMAGES**

Your products leave our facility with no damage and with the packaging in good condition. Upon receipt of your order, please open all shipments immediately for inspection and note any damage, shortages or overages on delivery receipt. You will be required to sign for the shipment at the time of delivery. Your signature confirms your product arrived in good condition. If you are not the person that will be receiving the shipment, it is your responsibility to give instructions to the person in charge of receiving the order to comply with our requirements (warehouse, commercial receiver, client, etc.)

Do not refuse shipment even if damage is suspected. Instead, note the damage on the delivery receipt. Please take photographs, save all packaging, and report any damage within 5 business days of receipt. Any damage not noted on the delivery receipt or failure to comply

with our conditions may cause additional charges for returns or replacements. If concealed damage is discovered, Blue Pheasant must be notified within 5 days of receipt, so that we may file a claim with our freight carrier. We will deny any claim if not notified within 5 days of receipt of merchandise. For our complete terms and conditions, visit [www.bluepheasant.com](http://www.bluepheasant.com).

**ONLINE SELLING**

Blue Pheasant is happy to allow online retailers to sell our products. However, each site must be approved by Blue Pheasant, and must agree to adhere to our guidelines. To protect our retail partners, we require that online retailers stock all products they wish to sell. We do not sell to online retailers who do not stock products. Those products must be sold and clearly identified as Blue Pheasant's suggested retail prices.

**HOSPITALITY**

Blue Pheasant products are perfectly suited to both large- and small-scale hospitality projects. We are happy to discuss applications for specific pieces and custom capabilities. Please email us at [info@bluepheasant.com](mailto:info@bluepheasant.com) or call us at 626 373 9750.

**PRODUCT SAFETY**

Safety is one of Blue Pheasant's utmost concerns, and we whole-heartedly back not only the quality of our products, but also their safe use for all of your dining and entertaining needs. To learn more about laboratory testing, items in the line not meant for food use and California Proposition 65 compliance, please visit our web site or contact us directly.

**PRODUCT CARE**

We want your Blue Pheasant products to be used to gather friends and family to your table for many years to come. To ensure their longevity, please adhere to the following care guidelines.

**STONEWARE** All of Blue Pheasant's stoneware collections are microwave, dishwasher, oven, and freezer safe, except for those with gold leafing. When using a dishwasher, we recommend selecting the low-energy/air-dry cycle. When using a microwave, please note that the temperature of the Blue Pheasant products may vary; exercise awareness and allow each piece to cool before removing it.

**EARTHENWARE** All of Blue Pheasant's earthenware collections are microwave and dishwasher safe. They are not suitable for the oven or the freezer. When using a dishwasher, we recommend selecting the low-energy/air-dry cycle. When using a microwave, please note that the temperature of the Blue Pheasant products may vary; exercise awareness and allow each piece to cool before removing it.

**PORCELAIN** Porcelain collections which feature gold-leaf rims are not suitable for the microwave, dishwasher, oven, or freezer. Because of this delicate, exquisite detail we recommend hand-washing, using a mild dish soap and warm water.

**WOOD** All Blue Pheasant's wood products are not suitable for the dishwasher; they are hand wash only. Wipe them down regularly with beeswax, mineral oil, or olive oil to maintain their luster and texture.

**GLASSWARE** All of Blue Pheasant's glasses are dishwasher safe. When using a dishwasher, we recommend selecting the low-energy/air-dry cycle. We recommend that you do not place Blue Pheasant glassware in the freezer.

**FLATWARE** All of Blue Pheasant's flatware is dishwasher safe. When using a dishwasher, we recommend selecting the low-energy/air-dry cycle. Place the utensils handles up in the dishwasher's basket. Choose a detergent that is mild and non-abrasive. To wash by hand, use a mild dish soap and warm water. Dry all utensils immediately after washing to keep them free from water spots and streaks.

**LINENS** All of Blue Pheasant's linens are washing machine safe, on a cold, gentle cycle. Do not use bleach. Hang to dry or tumble dry on low; avoid excessive heat. Steam iron using the linen setting. For our cotton canvas linens only, it is safe to use non-chlorine bleach and a warm iron when needed. It is safe to dry clean Blue Pheasant linens, except with trichloroethylene.

**ARDMORE HOME DESIGN**

Blue Pheasant is a part of the Ardmore Home Design family of brands, which also includes Made Goods, a furniture line featuring thoughtfully designed statement pieces made from unique materials, Pigeon & Poodle, which focuses on the details of décor—gorgeous bath collections, accents, frames, and desk sets, and artisanal candle and fragrance brand Thucassi.
